ADJUSTMENTS FOR ESLINT

.eslintrc.js

```
'vue/max-attributes-per-line': ['error', { singleline: 7 }],  
'vue/singleline-html-element-content-newline': ['error', {  
  'ignoreWhenNoAttributes': true,  
  'ignoreWhenEmpty': true,  
  'ignores': ['a', 'li', 'router-link']  
}]
```

More info:

- <https://eslint.vuejs.org/rules/max-attributes-per-line.html>
- <https://eslint.vuejs.org/rules/singleline-html-element-content-newline.html>

MAKEFILE EXAMPLE

makefile

up:

```
docker-compose up -d
```

stop:

```
docker-compose stop
```

rebuild:

```
docker-compose up -d --build --force-recreate
```

logs:

```
docker-compose logs -f
```

app:

```
docker-compose exec app sh
```
